Town Administrator Rutan reported that WastePro would be charging a 5% increase to the present rate as per the agreement. Council could pass that on or choose to cover the increase in the ad valorem assessment or through reserves. Discussion followed.

**A motion was made by Council Member Johnson that the preliminary non-ad valorem assessment for FY 2022-2023 to remain at \$291.00, seconded by Council Member Caranci, and unanimously passed (5-0).**

#### **Discuss 2022-23 budget schedule and millage rate**

Town Administrator stated that she had previously sent out what the Town's taxable value for the upcoming FY. Knowing how Council traditionally likes to keep the millage rate (currently at 4.5000) at the same rate would give her a benchmark as to how to move forward with items to be budgeted for the coming year. She will do her best to provide a comprehensive budget to Council by the next Council meeting if not the next Council workshop. Discussion followed as to the history of millage rates over the past several years. Vice Mayor Gordon suggested the Administrator present a comparison between the current millage of 4.500 and a reduced rate of 4.350.

She confirmed that the Public Budget Hearings will be held on the same days of the Council's regular meetings, September 8, 2022 and September 22, 2022.

#### **Update on ARPA brochure and charette**

Town Administrator Rutan reported that she and Council Member Johnson had just completed an ARPA meeting prior to tonight's Town Council meeting and will be hosting the charette on June 18, 2022, from 11:00am -2:00pm at the Town Hall pavilion. There will be stations for each of the six (6) programs being voted on.

Town Administrator Rutan announced that so far to date, 29 people have responded to the ARPA Survey. She reported the highest items to receive votes and in order were:

First: Street Lighting

Second: Drainage Improvement

Third: Traffic Calming

Town Administrator Rutan reported that in the ARPA Committee meeting tonight, the committee would like to see the Town's ballpark go back to being a ballpark.

The Town Administrator reported that she and Deputy Town Clerk will be meeting with a company next Wednesday about updating Council chambers with audio and visual for meetings via zoom that could be a permanent setup if at the end of this survey, residents chose to vote for website and enhancements.

Town Administrator Rutan reported signs will be ordered and placed around Town to remind residents to participate in the ARPA program survey and come out to the charette on Saturday, June 18, 2022.

Council Member Johnson reported the ARPA Committee meeting was a good one and a lot of great ideas came out in regard to all of the projects that are listed on the survey. One of the things that Council Member Johnson has committed to doing is to circulate the survey in her neighborhood by knocking on doors and really encouraging residents to take the survey as well as attend the charette on June 18, 2022. She encouraged Town Council to do the same in their neighborhoods.

Council Member Johnson stated the discussion about the ballpark at the earlier ARPA meeting was an exciting opportunity, but she does recognize that there must be usage as the Town shouldn't take on an expense where the ballfield is not paying for itself or no funding for it.

Council Member Caranci stated he would go out and speak to his neighbors about participating in the ARPA survey.

**Appoint Voting Delegate to the Florida League of Cities Annual Conference August 11-13, 2022**

Mayor Foy asked if we had a motion to appoint someone to be the representative as the voting delegate to the Florida League of Cities Annual Conference.

**A motion was made by Council Member Johnson, seconded by Council Member Caranci, and unanimously passed (5-0) to appoint Vice Mayor Gordon as the Voting Delegate to the Florida League of Cities.**

**Town Administrator transition and succession**

Town Administrator Rutan reported that she had received an email from a hopeful interim candidate that stated she had accepted a full-time position with another Municipality. In the meantime, Town Administrator Rutan stated she had reached out to Kurt Bressner, now retired, who was the City Manager of Boynton Beach. He has remained active with the IMCA and FCCMA as a Senior Advisor and will work with Municipalities to help facilitate replacements. This is all done at no cost to the Town unless asked to attend interviews, then lodging and travel expenses are asked to be reimbursed. They will vet the candidates, but do not do background checks. Discussion followed.

Mayor Foy, Town Administrator Rutan and Town Attorney Foster will have a conference call tomorrow morning at 9:00 a.m. to decide how to move forward with the job description and if a telephone call to Kurt Bressner between them is required.

**REPORTS**

**Town Attorney**

None.

**Mayor**

Mayor Foy reported that he forwarded the storm water needs analysis to the County who will transmit to DEP by the end of July.

**Town Administrator**

The Town Administrator reported that the Business Development Board had reached out to her regarding vacant property in the Town to build affordable housing.

She asked if Town Council would like her to move forward in re-scheduling the Human Trafficking Presentation for June or July 2022. Mayor Foy would like to have it scheduled as there was interest from Town Council and staff.

The Town Administrator reported that the CEPTED study, which was done by the Palm Beach County Sheriff's Office, on how to retro fit the Town Hall to protect staff from an active shooting situation. She was seeking Council guidance if Town Council wanted to bring this up at a Council Workshop or appoint its own subcommittee to talk about what they suggested in their report.

#### **Council/Committee/Delegate Report**

Council Member Johnson reported that she and Town Administrator Rutan had a zoom meeting with Sharon Martinez of the Palm Beach County School Board where a potential summer employment program was discussed, however, it would not kick off until 2023. There is a Choice program Ms. Martinez shared that is through the PBC School Board where they provide training in the areas of tire, air conditioning, and culinary. She felt we had those three (3) areas in the Town and would like to engage the receptiveness of those business for this summer program.

Vice Mayor Gordon reported that tomorrow morning via Webex, he will be attending the Impact Fee Committee and they will be putting together their final recommendations to the County Commission in terms of impact fees (whether increase or decrease).

Vice Mayor Gordon announced that on June 22, 2022, he will be chairing his first meeting as President of the Palm Beach County League of Cities at their General meeting in Tequesta.

Vice Mayor Gordon gave an update on his health.

Mayor Foy reported that he attended the District's 2 and 3 luncheon and since there were only eight (8) attending and only he was there representing the Town of Haverhill, he asked what they did regarding proclamations. There appeared to be no policy that was consistent but the most restrictive was, nothing gets to Council unless the City Manager verbally communicates with every single Council Member, and they are all in agreement. It doesn't even make it on the agenda. The least restrictive was Palm Beach County. Mayor Foy stated it basically ranged from nothing to uncontrolled.

Mayor Foy reported that he had received an email from Town Administrator Rutan regarding communication with Deborah Drum, Department Director with PBC Environmental Resource Management. Ms. Drum sent a map out for the septic to sewer which identified areas of concern. It looked like something that was developed based on protection of well fields and that it was close to canals. It has some type of ground water monitoring modeling in it. He was extremely curious to see how they came up with those maps. He stated it had some type of scientific backing. The Town of Haverhill did qualify because of the location of the E3 canal and the C51 canal. Mayor Foy will follow up with the Ms. Drum to find out the generation of the map and to see what else they may have. Town Administrator Rutan suggested reaching out to Senator Powell as well. Discussion followed.

Town Administrator Rutan announced that Deputy Town Clerk will be attending the FACC Summer Conference June 19, June 22, 2022.

#### **Treasurer's Report**

Included in packet.

**UNFINISHED BUSINESS**

Council Member Caranci reported that he sent another email (he copied T/A Rutan) to Ian Connor with AT&T inquiring if he could spare some time to meet with him so he could visually show him the issues as he doesn't believe Ian understands what has been done. Mayor Foy explained to all that there were some utility lines destroyed by a truck and Council Member Caranci is trying to help get them reconstructed.

Mayor Foy thanked Council Member Caranci for his follow up.

Deputy Town Clerk Jean Wible reported that she had a resident contact her regarding (severe) sinkholes that have appeared on the canal west side of Haverhill Park, Club Road Estates and Dexter Road. It could be an issue created by the large number of iguanas on the canal banks that are constantly burrowing. Lake Worth Drainage District has since cordoned off those sinkholes but did not return a voicemail from Code Inspector Rico Armstrong.

Council Member Caranci wondered if the Lake Worth Drainage District could arrange extermination of the iguanas as they are also showing up in his yard and eating plant material.

Town Administrator Rutan is concerned about the safety of the ATV's and dune buggy riders that are riding up and down the canal banks.

Mayor Foy will follow up by contacting Tom Strowd, Executive Director of Lake Worth Drainage District tomorrow.

**NEW BUSINESS**

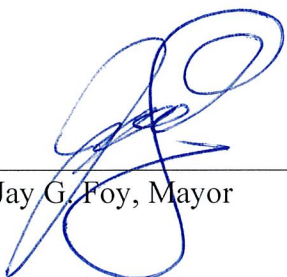

None.

**ADJOURNMENT**

With no further business to come before the Town Council, the meeting was adjourned at 7:55 p.m.
